

Early Journal Content on JSTOR, Free to Anyone in the World

This article is one of nearly 500,000 scholarly works digitized and made freely available to everyone in the world by JSTOR.

Known as the Early Journal Content, this set of works include research articles, news, letters, and other writings published in more than 200 of the oldest leading academic journals. The works date from the mid-seventeenth to the early twentieth centuries.

We encourage people to read and share the Early Journal Content openly and to tell others that this resource exists. People may post this content online or redistribute in any way for non-commercial purposes.

JSTOR is a digital library of academic journals, books, and primary source objects. JSTOR helps people discover, use, and build upon a wide range of content through a powerful research and teaching platform, and preserves this content for future generations. JSTOR is part of ITHAKA, a not-for-profit organization that also includes Ithaka S+R and Portico. For more information about JSTOR, please contact support@jstor.org.

under any of the provisions of this section shall be audited and allowed by the board incurring the same. Such expenses, in case of city board of health, shall be certified to the city auditor and paid out of the general funds of the city, and, in case of county boards of health, shall be certified to the county board of supervisors and paid out of the general fund of the county. All expenses incurred by such boards of health for the care, medical attendance, or support of any such sick person shall be a charge upon such person and upon the person legally chargeable with the support of such person (except where persons are unable to pay, then such expenses shall be chargeable to the county in which such person resides) and may be collected by suit in the name of the county or city which shall have incurred such expense; provided, that if a physician is called at the instance of such local board of health to attend a person infected with a contagious or infectious disease, it shall be at the expense of such city or county.

SEC. 37. Any person who willfully secrets himself or others known to have a contagious or infectious disease, or any health officer, superintendent of public health, or any member of any local board of health who shall neglect or refuse to perform any of the duties required to be performed by him under the provisions of this chapter, and any person who fails to comply with or violates any of the provisions of this chapter, and any person who fails to comply with or violates any of the provisions of this chapter or neglects or refuses to conform to any rule, regulations, or measures adopted by the local board of health within whose jurisdiction he shall at the time be, and which shall have been published or shall have come to his knowledge, or refuses or neglects promptly to obey any orders, directions, or instructions given to him by such board of health, shall be guilty of a misdemeanor, and upon conviction thereof shall be punished by a fine of not less than \$10 nor more than \$50, or by imprisonment in the county jail not exceeding 30 days, or by both, and any physician convicted under this chapter shall have his license revoked.

SEC. 38. All acts and parts of acts in conflict with the provisions of this act are hereby repealed.

SEC. 39. This act shall take effect and be in force from and after the 1st day of October, 1913.

MONTANA.

Trachoma—Children Suffering from, not to Attend School. (Reg. Bd. of H., July 14, 1913.)

REGULATION 1. No child suffering from trachoma shall be allowed to attend any public school in the State of Montana.

REG. 2. Teachers having reasons to believe that any of the children under their care are suffering from trachoma shall notify the county or local health officer and the parents of said children.

Schools—Instruction Regarding Communicable Diseases. (Act Mar. 12, 1913.)

612. *Prevention of communicable diseases.*—1. There shall be taught in every year in every public school of elementary grade in Montana the principal modes by which each of the dangerous communicable diseases spread, and the method for the restriction and prevention of each such diseases as smallpox, diphtheria, scarlet fever, measles, tuberculosis, chicken pox, and such other diseases as may be named, and attention called to the same by the board of health of this State.

2. School boards shall annually send to the public school superintendents and teachers throughout the State printed data and statements which will enable them to comply with the provisions of this chapter.

3. School boards are hereby required to direct superintendents and teachers to give oral and blackboard instruction, using the data and statements supplied by the State board of health.
